TEAK, CRAFTS & INNOVATION

 GLOSTER

HALO CANTILEVER

Although we all crave the sunlight, shade also has its own unique appeal. The new Halo collection of parasols feature sturdy, aluminium frames and heavy-duty Sunbrella fabric canopies. Available as both standard push-up and practical cantilever versions, with Halo, somewhere to cool off and get away from the midday sun is never far away.

HALO CANTILEVER

Less intrusive than a traditional push-up parasol, the Halo cantilever parasol is simplicity itself to use. The canopy is operated via a crank handle which allows you to open and close with just a few turns of the crank. The canopy can also be fixed at multiple heights depending on the sun's location.

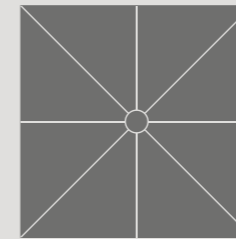

360° ROTATION ON POST

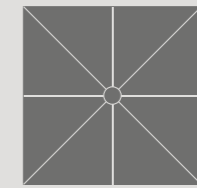

HALO CANTILEVER

Made with durable materials, fine finishing touches and with a heavy-duty Sunbrella fabric canopy in a choice of two neutral colours, Halo cantilever parasols are available in two sizes and with multiple base options.

HALO

PARASOL

Although we all crave the sunlight, shade also has its own unique appeal. The new Halo collection of parasols feature sturdy, aluminium frames and heavy-duty Sunbrella fabric canopies. Available as both standard push-up and practical cantilever versions, with Halo, somewhere to cool off and get away from the midday sun is never far away.

HALO PARASOL

The ultimate traditional centre-pole parasol, the Halo push-up parasol is designed to perform faultlessly, while retaining Gloster's signature understated style and elegance. The traditional chord is dispensed with in favour of a cleverly designed hub that slides smoothly up the central pole before locking into position.

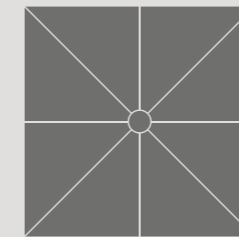

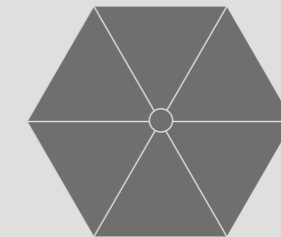

HALO PARASOL

Made with durable materials, fine finishing touches and with a heavy-duty Sunbrella fabric canopy in a choice of two neutral colours, Halo push-up parasols are available with either square or hexagonal canopies and with multiple base options.
